

Flexible Spending Account Worksheet

When determining how much you would like to contribute to your Flexible Spending Account, you should keep in mind the following:

- In most cases, an employee may not make a mid-year change in the amount he or she has elected to contribute to a Flexible Spending Account.
- Money remaining in a Flexible Spending Account at the end of the plan year must be forfeited.
- Over-the-counter medicines and drugs (other than insulin) are only reimbursable if accompanied by a prescription.

This worksheet can be used to estimate how much you should elect to contribute to your Flexible Spending Accounts.

Health Flexible Spending Account
